APPLIED TECHNICAL EXPERIENCE

CTNA Program | Wichita Technical Institute (WTI) November 2025 – Present

- Built and configured desktop systems and virtual machines in controlled lab environments simulating real-world IT support scenarios
- Configured basic network topologies and verified connectivity using diagnostic tools including ping, ipconfig, and tracert
- Troubleshot hardware, Windows OS, and network connectivity issues in simulated Tier 1 help desk environments

- Implemented user account controls, password policies, and basic endpoint security configurations
- Documented troubleshooting processes and resolutions using structured ticket-style documentation

WORK EXPERIENCE

IT Tech Support

May 2026 – Present

Contract | Boeing-Spirit | Wichita, Kansas

- Supported and maintained 2,000+ enterprise Windows devices.
- Managed user and computer accounts in Active Directory.
- Deployed software and updates through Microsoft SCCM/Software Center.
- Applied Group Policy (GPO) changes to maintain system compliance.
- Troubleshot Windows, hardware, software, and network issues.
- Configured and supported network mapped drives and file access.
- Collaborated with infrastructure teams to resolve complex technical issues.

Barista

June 2022 – June 2025

Starbucks | Wichita, Kansas

- Delivered high-volume customer service in a fast-paced environment while maintaining accuracy, speed, and quality standards.
- Resolved customer concerns professionally, ensuring positive guest experiences and brand loyalty.
- Managed order processing, cash handling, and product preparation with consistent adherence to company standards.
- Supported team operations through floor leadership, assist colleagues to meet service goals and maintain workflow efficiency.
- Consistently meet or exceeded service expectations while working independently and collaboratively.

Account Specialist

June 2020- June 2022

Curo Financial Technologies | Wichita, Kansas

- Managed inbound and outbound customer communications regarding loan accounts, payment arrangements, and account inquiries.
- Reviewed and handled sensitive financial information in compliance with company policies and data security standards.
- Negotiated and determined structured payment solutions to support customer account resolution.
- Investigated and resolved customer complaints with professionalism, empathy, and conflict resolution skills.
- Multitasked across multiple systems and dual monitors in a remote work environment to efficiently manage account documentation and updates.

Cashier

August 2018 - September 2019

QuickTrip | Wichita, Kansas

- Processed high-volume cash and card transactions while maintaining accurate drawer counts and inventory integrity.
- Provided elevated customer service to build repeat business and strong customer relationships.
- Cross-trained across multiple store functions and locations to support operational needs.
